### Friends of the Huckleberry

Friends of the Huckleberry is a non-profit corporation that has been helping construct the Huckleberry Trail. Current projects include connecting the Huckleberry and Hedwood Trails, extending the Huckleberry Trail farther into Christiansburg, and connecting the Huckleberry Trail to the Jefferson National Forest.

We have raised a lot of money to help create the Huckleberry Trail using local contributions as matching funds for federal and state grants.

If you would like to help expand our local trail system, please send a contribution of whatever you can afford to **Friends of the Huckleberry, Inc., PO Box 925, Blacksburg, VA 24063**.

We are a 501-C3 non-profit corporation, so your contribution may be tax deductible. 100% of your donated funds are used to build trails.

Thank you,  
Bill Eilenbogen  
President  
Friends of the Huckleberry, Inc.
