

UPDATED VOTING CARDS TO BE SENT TO SOME VOTERS

MontgomeryCountyVA.gov

Sept. 8, 2011

Montgomery County, Virginia – Montgomery County voters who received incorrect voter registration cards after the recent redistricting will be receiving updated cards this month from the Virginia State Board of Elections (VSBE).

Computer difficulties with the VSBE system caused some incorrect cards to be printed and distributed to voters throughout the state. The problem was discovered in August when several counties – including Montgomery – conducted primary elections. Although some of the cards printed did not have the right information on them, all voter information in the VSBE computer system is correct.

Voters are encouraged to check the VSBE website, www.sbe.virginia.gov, to see correct information on where they are registered to vote and who is representing them based on their district.
