# Montgomery County Animal Care and Adoption Center Montgomery County

05.11.2015

"Shelter Planners of America"

### **Program Overview**

#### Main Administrative Area

Offices, ACO, Clinical, Public Meeting Room

### Stray Wing

22 Kennels

### Adoption Wing

34 Kennels

### Maximum Capacity

- 72 Dogs
- 64 Cats

### Considerations for Future Expansion

- Future Clinic
- Future Addition to Stray Wing

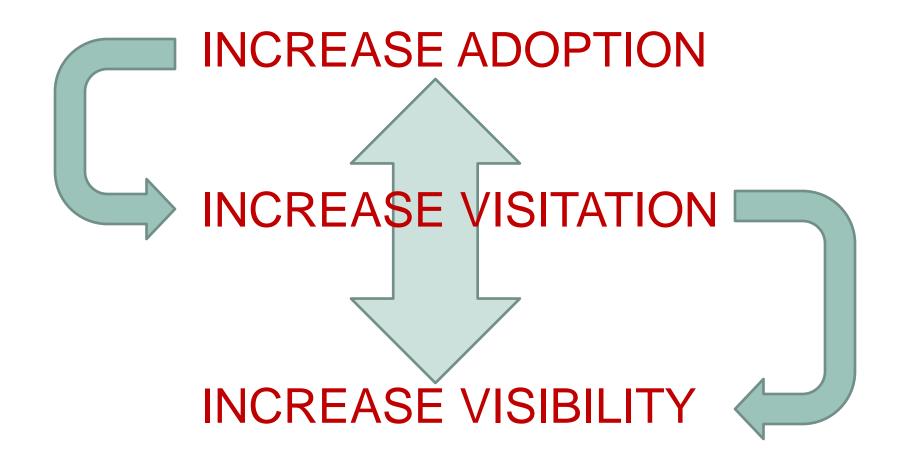

### **Schedule Overview**

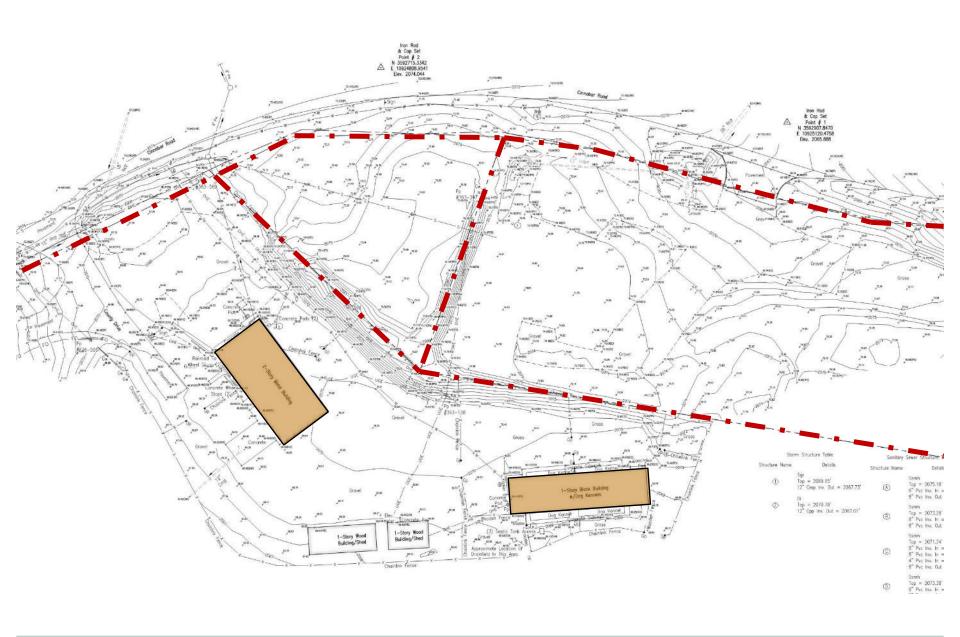

- Schematic Design Phase
  - Completed 11/25/14
- Design Development Phase
  - Completed 02/13/15
- Value Engineering Exercise
  - Completed 04/07/15
- Construction Documents Phase
  - Complete Drawings and Specifications
  - DEQ Review
  - Anticipated Phase Completion Pending
- Bidding and Award Phase
  - 45 days
- Construction Phase
  - 10/01/15 10/01/16

# Montgomery County Animal Shelter Preliminary Statement of Probable Cost

| Hard | Costs: |
|------|--------|
| паги | CUSIS. |

| Original Estimated Construction Cost ('09 Study) | \$2,304,300 | Lump Sum |         |
|--|-------------|----------|---------|
| Original Estimated Site Development Cost         | 42,000,000  |          |         |
| ('09 Study)                                      | \$250,000   | Lump Sum |         |
| subtotal   | \$2,554,300 |          |         |
| Estimated Escalation @ 3% /Yr                    | \$480,000   |          |         |
| subtotal   | \$3,034,300 |          |         |
| Additional Estimated Site Development Cost       | \$150,000   |          |         |
| Specialized Equipment                            | \$192,000   |          |         |
| Other FF&E                                       | \$30,000    | 3000 @   | \$10 SF |
| Design Contingency                               | \$151,700   | 5%       |         |
| subtotal   | \$3,558,000 |          |         |
|  |             |          |         |
| Pagia Sanjiana                                   | \$262 200   | 7.409/   |         |

#### **Soft Costs:**

| Basic Services                      | \$263,300   | 7.40% |
|-------------------------------------|-------------|-------|
| Additional Services                 | \$110,400   | 3.10% |
| Expenses                            | \$16,700    |       |
| subtotal                            | \$390,400   |       |
| Project Subtotal Cost (Hard + Soft) | \$3,948,400 |       |
| Project Contingency                 | \$197,400   | 5%    |
| <b>Total Estimated Cost</b>         | \$4,145,800 |       |

| Project Construction Contingency           | \$211,721   | 5%       |         |

Total Estimated Cost \$4,836,537

### **Value Engineering Exercise**

# Identify Cost Savings Options To Maintain Budget

- No Compromise in QUALITY.
- No negative impact on facility operations.
- Identify Additive Bid Items
- Stay true to project goals
  - •Increase Visibility, Visitation, <u>ADOPTIONS</u>.
- VE Goal Reduce by \$500,000

# **Value Engineering Exercise**

| #    | # Item Description   |    | ted \$\$\$ (Deduct) | Propose as Additive<br>Bid Item (Y/N) |  |
|------|--|----|---------------------|---------------------------------------|--|
| 1.0  | Delete Large Entrance Area Cupola  | \$ | 12,300              | N                                     |  |
| 3.0  | Change Standing Seam Metal Roofing to Architectural Shingles               | \$ | 109,900             | Υ                                     |  |
| 4.0  | Change entry vestibule from storefront to conventional framing             | \$ | 12,700              | N                                     |  |
| 5.0  | Change veneer wainscot from stone veneer to split face masonry             | \$ | 8,600               | Υ                                     |  |
| 6.0  | Delete (10) kennels on adoption wing                                       | \$ | 192,000             | Υ                                     |  |
| 7.1  | Reduce emergency generator & associated ATS to 50% of current load         | \$ | 17,500              | N                                     |  |
| 8.0  | Delete front flood lights  | \$ | 720                 | N                                     |  |
| 9.0  | Delete sidewalk lighting in courtyard                                      | \$ | 7,300               | N                                     |  |
| 10.0 | Delete (3) site light poles in area of "future" parking                    | \$ | 7,300               | N                                     |  |
| 11.0 | Change electrical feeders larger than #1/0AWG from Copper to Alum          | \$ | 8,000               | N                                     |  |
| 12.0 | Delete pendant lighting fixture at (3) entrances                           | \$ | 945                 | N                                     |  |
| 13.0 | Light fixtures deleted as part of Item # 1.0 above                         | \$ | 1,600               | N                                     |  |
| 15.0 | Eliminate the under slab heating system                                    | \$ | 12,000              | N                                     |  |
| 16.0 | Eliminate extra exhaust system in kennels                                  | \$ | 22,000              | N                                     |  |
| 17.1 | Reduce air changes in kennels from 12 to 10 and increase indoor            | \$ | 9,000               | N                                     |  |
|      | design temperature from 75 to 80 F   |    |                     |                                       |  |
| 19.0 | Delete (11) spaces from future parking; add parking lane at Isolation Door | \$ | 3,600.00            | N                                     |  |
| 20.0 | Delete bioretention areas (no longer needed)                               | \$ | 3,700.00            | N                                     |  |

| Design Development Estimated Construction Costs (subtotal) | \$3,199,882.00 |
|--|----------------|
